EMPLOYMENT HISTORY

Head of Development, Awareness Athletics   Belleville
Dec 2018 — Present

At Awareness Athletics I was in charge of working on their Slo-pitch for Awareness brand website. I was responsible for

- Planned, developed, tested, deployed, and maintained web application
- Developed back-end API is NodeJs
- Planned, developed, and maintained large datasets using the NoSQL platform MongoDB
- Effectively translated employer's requirements into application designs and system requirements
- Managed front-end and back-end development of the companies website and in-house applications
- Successfully identified, diagnosed, and fixed website problems, broken links, typographical errors, accessibility concerns, and formatting issues.
- Maintained consistent look and visual theme across all aspects of website design and brand integration, promoting a uniform look and feel between their brand and website.
- Evaluated and became knowledgeable in new standards, technologies, and trends in website development

COURSES

Web Development Bootcamp, Dr. Angela Yu
